

## AquaSPARKle Spa Sparkle

### Key Features/Characteristics

- 🔑 Liquid
- 🔑 Clears cloudy water

For adding lustre and clarity to spa water

Spa Sparkle is a highly effective spa water polisher that collects small particles together for removal by the cartridge.

### Application Instructions

1. Apply this product directly to your spa water whilst the spa pump(s) are turned 'on' to aid distribution.
2. Spas treated for murky water may require cartridges to be cleaned a week after treatment.)
3. When Spas become saturated with dissolved solids (TDS) then AquaSPARKle Spa Sparkle may become less effective. At this stage the spa water should be changed.

Dose rates			
Water Volumes			
Litres	Gallons	Initial Dose	Weekly top up
1,000	220	50ml	25ml
1,500	330	75ml	38ml
