

SAFETY DATA SHEET

1. Identification of the substance/preparation and of the company/undertaking

1.1 Product Identifier Winterclear - Copper free algaecide

1.2 Relevant Identified uses of the substance or mixture and uses advised against

Uses: Treatment of algae

1.3 Details of the supplier of the safety data sheet

Company: Complete Pool Controls Ltd
Unit 2, The Park
Stoke Orchard
Bishops Cleeve
Gloucestershire
GL52 7RS

Telephone: +44 (0) 8712 229081

Fax: +44 (0) 8712 229083

E-mail: sales@cpc-chemicals.co.uk

1.4 Emergency Telephone

Tel: +44 (0) 8712 229081 (office hours) +44 (0) 1242 300271 (outside of office hours)

2. Hazard Identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

Hazard Class Hazard Statements

Acute Environ H400

For the full text of the H statements mentioned in this section see Section 16.

Most important adverse effects

Human Health: See section 11 for toxicological information

Physical & Chemical Hazards: See section 9 for physicochemical information

Potential environmental effects: See section 12 for environmental information

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008

Hazard symbols:

Signal word:

Hazard statements: H400 Very toxic to aquatic life

Precautionary statements: P402+404: Store in a dry place. Store in a closed container

P305+351+338: IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing

P301+P314 IF SWALLOWED: Get medical attention if you feel unwell

P501 Dispose of contents / container to hazardous Waste

Hazardous components which must be listed on the label N-dimethyl-2-hydroxyammonium chloride (polymer)

2.3 Other Hazards

No other information is available

3. Composition/information on ingredients

3.1 Mixture

Chemical nature: Liquid

A mixture of the chemicals listed below with non-hazardous additions

Chemical Name	CAS No	EC No	H & R Phrases
Polyquaternaryammonium compound	25988- 97-	270-325-2	H400

4. First Aid measures

4.1 Description of first aid measures

General Advice:	Symptoms of poisoning may occur even after several hours; therefore medical observation is required for at least 48 hours after the accident.
If Inhaled:	Provide fresh air, warmth and rest, preferably in a comfortable sitting position. Get professional medical attention if any discomfort continues.
In case of skin contact:	Generally the product does not irritate the skin.
In case of eye contact:	Rinse the eye immediately with water. Continue to rinse for at least 15 minutes.
If swallowed:	Clean mouth with water and drink plenty of water. If swallowed, do not induce vomiting - seek medical advice if discomfort continues

4.2 Most important symptoms and effects, both acute and delayed

Symptoms:	No further information available
Effects:	No further information available

4.3 Indication of immediate medical attention and special treatment needed

Treatment	Treat symptomatically
-----------	-----------------------

5. Fire fighting measures

5.1 Extinguishing media:

Suitable media: CO₂, powder or water spray. Fight larger fires with water spray.

5.2 Special hazards arising from the substance or mixture

Specific Hazards : No information available

5.3 Advice for fire-fighters

Protective equipment: In the event of fire, wear self-contained breathing apparatus. Wear appropriate body protection (full protective suit).

Further Information: Collect contaminated firefighting water separately
Contaminated firefighting water must not enter the sewage system.

6. Accidental release Measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal Precautions: Use personal protective equipment. Keep people away from and upwind of spill. Provide adequate ventilation. Avoid contact with skin and eyes. Keep away from ignition source.

6.2 Environmental precautions

Environmental precautions: Do not flush allow to enter into surface water or sanitary sewer system. Prevent from spreading (e.g. by damming-in or oil barriers).

6.3 Methods and materials for containment and cleaning up

Methods and materials: Absorb with liquid binding material (sand, acid/universal binders, sawdust).
Further Information: Dispose of contaminated material as waste according to item 13.

6.4 Reference to other sections

See Section 7 for information on safe handling
See Section 8 for information on personal protection equipment
See Section 13 for disposal information

7. Handling and storage

7.1 Precautions for safe handling

Advice on safe handling: Use personal protective equipment. Avoid contact with skin and eyes. DO NOT MIX with other products in their concentrated form.

Hygiene measures: Keep away from food, drink and animal feeding stuffs. Smoking, eating and drinking should be prohibited in the application area. Wash hands before breaks and at the end of the work day. Take off all contaminated clothing immediately. Provide adequate ventilation. Avoid contact with the skin and eyes.

7.2 Conditions for safe storage, including any incompatibilities.

Storage : Prevent any seepage into the ground

Protection against fire : No special measures required

Further information: Store in cool, dry conditions in well sealed receptacles

Common storage: Store away from Oxidising substances.

Storage Temperature: Keep away from heat and direct sunlight

7.3 Specific end uses For treatment of algae

8. Exposure control/personal protection

8.1 Control parameters No exposure limit established

8.2 Exposure controls Refer to protective measures listed in sections 7 and 8

Personal protective equipment

Ventilation: No special ventilation requirements are normally necessary for this product. However, make sure that the work environment remains clean and that dusts are minimised.

Respiratory protection In case of insufficient ventilation wear suitable respiratory equipment.

Hand protection Wear protective gloves. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and standard EN 374.

Eye protection Tightly fitting safety goggles (EN166). Emergency eyewash stations must be available.

Skin and body protection Protective work clothing

Environmental exposure controls Do not flush into surface water or sanitary sewer systems.

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Form: Fluid

Colour: Colourless

Odour: Mild

pH @ 20°C: 5 - 7

Melting Point Undetermined

Boiling point: 100°C

Flash point: Not applicable

Density @ 20°C: 1.052 g/cm³

Water solubility: Fully miscible

Partition coefficient:n-octanol/water: Currently we do not have any information from our supplier about this.

Ignition temperature: >250 °C

Explosive properties: Product does not present an explosion hazard

9.2 Other Information No further information available

Trade Name: Winterclear

10. Stability and reactivity

10.1 Reactivity

Reactivity No information available

10.2 Chemical stability

Chemical stability No information available

10.3 Possibility of hazardous reactions

Hazardous reactions: None known

10.4 Conditions to avoid

Conditions to avoid No decomposition if used according to specifications

10.5 Incompatible materials

Materials to avoid Oxidising agents

10.6 Hazardous decomposition products

Haz. Decomp. products: Nitrogen Oxides

11. Toxicological Information

11.1 Information on toxicological effects

Toxicity Values

Route	Species	Test	Value	Units
Oral	Rat	LD50	>5,000	mg/kg

Primary Irritant effect:

On the skin: No irritant effect

On the eyes: No irritant effect

Sensitization: No sensitizing effects known

Carcinogenic There is no evidence that this substance has any carcinogenic properties.

Mutagenic There is no evidence that this substance is mutagenic

Additional toxicological information:

Other relevant toxicity: Avoid repeated exposure

12. Ecological Information

12.1 Toxicity

Toxicity Water hazard class 2 (German Regulation) (Self-assessment): hazardous for water.

12.2 Persistence and degradability

Persistence and degradability No information available

12.3 Bioaccumulative potential

Bioaccumulative potential Bioaccumulation is not expected

12.4 Mobility in soil

Mobility in soil Expected to absorb on soil

12.5 Results of PBT and PvB :

PBT and PvB : No information available

12.6 Other adverse effects

Further information: Danger to drinking water if even small quantities leak into the ground. Do not allow product to reach ground water, water bodies or sewage system even in small quantities.

Trade Name: Winterclear

13. Disposal Considerations

13.1 Waste treatment methods

- Disposal should be in accordance with local, state or national legislation
- Do not reuse empty containers without commercial cleaning or reconditioning
- Do not discharge into drains or the environment ,dispose to an authorised waste collection point

Classification

Waste Codes in accordance with the European Waste catalogue (EWC) are origin-defined. Since this product is used in several industries, no Waste Code can be provided by the supplier. The Waste Code should be determined in arrangement with your waste disposal partner or the responsible authority

14. Transport Information

14.1 UN Number 3082

14.2 Proper shipping name 3082 ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S.
(Polyquaternaryammonium compound)

14.3 Transport hazard class(es)

Class	90
Classification	M6
Hazard label	9
Transport Category	3
Tunnel Code	E
Excepted Quantities	E1
Limited Quantities	5 Litres

14.4 Packaging Group III

14.5 Environmental hazards

Classified as environmentally hazardous: Yes
Marine Pollutant

14.6 Special precautions for user

Note: Not applicable

14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

IMDG: Not applicable

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for this substance or mixture.

This Safety Data Sheet is provided in compliance with REACH Regulation (EC) No 1907/2006

15.2 Chemical Safety Assessment

No further information

16. Other information

Full text of H-statements referred to under sections 2 and 3
H400 Very toxic to aquatic life

This information is believed to be accurate and represents the best information currently available to us. However, we make no warranty or merchantability, or fitness for any particular use, or any other warranty, express or implied, with respect to this information, and we assume no liability resulting from use of this information. Users should make their own investigations to determine the suitability of the information for their particular needs and uses.

Further information

Restricted to professional users. Attention - Avoid exposure- obtain special instructions before use

• Abbreviations and acronyms:

ADR: Accord europeen sur le transport des marchandises dangereuse par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)
RID: Reglement international concernant le transport des marchandises dangereuses par chemin de fer (Regulations concerning the International Carriage of Dangerous Goods by Road)
IMDG: International Maritime Code for Dangerous Goods
IATA: International Air Transport Association
IATA-DGR Dangerous goods Regulations by the 'International Air Transport Association' (IATA)
ICAO: International Civil Aviation Organization
GHS: Globally Harmonized System of Classification and Labelling of Chemicals
EINECS European Inventory of Existing Commercial Chemical Substances.
CAS: Chemicals Abstracts Service (division of the American Chemical Society)
LC50: Lethal concentration, 50 percent
LD50: Lethal dose, 50 percent
